

FUSO Trucks

Our ultra-efficient advanced diesel engine is always at the ready with dependable performance and efficiency. You'll enjoy the long haul in our most comfortable cab ever, fully equipped with an ergonomically designed interior, adjustable steering wheel, and spacious seating and stowage. For additional peace of mind, the optional Mobileye® collision avoidance system with audible and visual alerts can be added. A panoramic windshield and a driver-to-ground line of sight of only 6 ft. ensure you stay focused on the task ahead.

Innovative research and development has always been at the core of FUSO. With a state-of-the-art modular HV battery pack and permanent synchronous e-motor, the eCanter delivers an impressive output of 185 kW and powerful torque. The eCanter delivers on comfort, too. The future-oriented interior comes equipped with ergonomic seating, 12" digital displays, a keyless push start, and button shift – adding up to hassle-free, low-cost operation. Completely silent and emission-free, the vehicle is available in a flatbed and van body option, making this light-duty truck ideal for urban delivery and green application needs.
